https://a-guzzardo.info/

Software Developer with project experience in web application development on multiple frameworks including Flask and Rocket. Committed to an independent development of skills necessary to create object-oriented sound programs with user friendly experiences. Searching for rolls where I can learn and grow under mentorship as a beginning developer.

Key Skills

- Python, HTML, Java, Rust, CSS
- OOP
- Full Stack Web Dev
- JSON Schemas
- Version Control
- DB Management
- Agile Work Environment

Software Development Projects

o Flask Web App Dev for easy to manage billing databases of healthcare providers. Intuitive data visualization combined with a responsive feedback mechanism for tracking modifications. **GitHub - Python.Projects**

o Rocket Web App to craft and review decks on various subjects, reminiscent of flashcards. Streamlined deck management focused on optimized storage thanks to Rusts memory efficiency. **GitHub - Rust.Projects**

Education

BS – Computer Science, Software Development
o DePaul University
Chicago, IL
August 2019 – June 2023

Current Work

Artis Senior Living - Resident Assistant
o Chicago, IL
Reference Brenda Burke (773) – 966 – 0181
June 2023 – Present
